

How to: Clean your stand

Focus on the essentials.

There are many things that need to be done following a long trade-fair day with numerous promising talks and a head full of new impressions. Perhaps you could go ahead and take care of your trade fair contacts, or maybe you could get ready for your meeting the next day – instead of cleaning your stand. That's why it's best to leave the cleaning to us – **we will be happy to take care of it!**

Basic cleaning

Before the start
of the trade fair

Wouldn't it be great to get everything looking its best for the start of the trade fair – and remove any traces of set-up so that you can enjoy a perfect start to your trade fair activities? You can – with our "Basic cleaning" service.

Our service includes the following:

- Mopping or vacuuming floors and carpets
- Cleaning and disinfecting all horizontal surfaces (tables, chairs, counters)
- Emptying waste receptacles and equipping them with new bin liners
- Disposing of carpet films

Daily cleaning

During the
trade fair

By the time the long trade fair day is over, many feet have passed through your stand, your exhibits have been subjected to enthusiastic hands-on inspections, and your tables have hosted many successful talks. Our "Daily cleaning" service removes all traces of these activities so that your stand is ready for a fresh start the following day.

Our service includes the following:

- Mopping or vacuuming floors and carpets
- Cleaning and disinfecting all horizontal surfaces (tables, chairs, counters)
- Emptying waste receptacles and equipping them with new bin liners
- Waste disposal (free of charge up to 0.5 m³ of waste)

Our tip: Order both "Basic cleaning" and "Daily cleaning" directly in our [Shop for Exhibitor Services](#). It's easy – all it takes is a single click under "Stand services" – "Stand cleaning".
